CORPORATE GOLF INCLUSIONS

GOLF GENIUS SOFTWARE

Golf Genius elevates corporate golf events into high-impact branding experiences by seamlessly integrating sponsor logos, messaging, and company branding across every aspect of the event—from mobile scoring apps and digital leaderboards to printed materials and custom event websites. Its integration with the GolfShot app allows players to enjoy advanced features like GPS, 3D Green Maps, and AR distances, while scoring is made easy with mobile, hole-by-hole entry. Customizable live TV leaderboards enhance the “major tournament” feel, and a fully branded event portal simplifies guest registration, event details, sponsor showcases, and results sharing. Automated communications keep guests informed and engaged, saving organizers time and ensuring a professional, memorable experience for clients, staff, and partners.

ON COURSE HOSPITALITY

Your guests will have exclusive access to two roaming, state-of-the-art drinks carts operating throughout the day. Each cart is stocked with a broad selection of beverages, including soft drinks, Powerade, alcoholic options, as well as light meals and snacks. ON COURSE & CLUBHOUSE SPONSOR SIGNAGE

Our on-course team will handle the installation of all sponsor signage across the course. Whether you're highlighting a sponsor on the Nearest to Pin hole or showcasing your brand at each tee, we'll ensure your presence is visible and well-positioned.
